

START A CONVERSATION. MOVE TO EQUITABLE ACTION.

ISSUE 2 • FALL 2023

Mission

The Center for Diversity Education at UNC Asheville exists to foster belonging and inclusivity through partnerships, resources, and programming to cultivate brave learning spaces in K-16 classrooms and our WNC community.

Vision

The Center for Diversity Education at UNC Asheville works toward centering marginalized voices to create a more just, inclusive, and equitable community by supporting current and future educators, students, families, and community leaders at UNC Asheville and WNC.

A NEW SEASON. A NEW SCHOOL YEAR.

As we head into another school year, **the Center for Diversity Education at UNC Asheville (CDE)** has been busy preparing for ways they can support area schools and community partners. We spent the summer updating our mission and vision, reestablishing community partnerships and contacts, reviewed exhibits and materials, and reestablished an online presence. Whew!

We acknowledge that the state of education in North Carolina has gone through some major shifts in the last several years. This makes it more difficult for teachers to feel confident in their inclusive pedagogy and brave conversations to create a sense of belonging for all students. As teachers in Western North Carolina are grappling with these challenges, the CDE wants to be able to support.

But what does this look like? We need your feedback!

What do you or your faculty/staff need from the CDE? Is it print or digital resources? Professional development on culturally responsive practices? Ready-made field trip opportunities about our local community and history? Guest speakers? Book clubs connected to area events? There are so many possibilities, but none of it matters if it does not support the needs of our educators and community. Stay tuned for ways you can give us feedback and feel free to email diversityed@unca.edu if you are ready to share!

SPARK! A NEW COLLABORATIVE PODCAST FROM UNC ASHEVILLE

The UNC Asheville <u>Office of Multicultural Affairs</u> and the <u>Center for Diversity Education</u> have teamed up to create a new podcast called Spark! to cultivate conversation and move to equitable action. Dr. Carlton Smith from OMA and Dr. Kimberly Nava Eggett from the CDE are excited to share ways they support UNC Asheville and the greater community.

You can look forward to learning more about their work, but also hear from students, faculty, staff, and community guests as we explore ways to connect, collaborate, celebrate, and spark change. The first three episodes are <u>available now</u> and you can subscribe to find our newest episodes throughout the year.
